INDEX TO VOLUME LXXII

Pagination According to Months:

January, 1943, pp. 1–64
February, 1943, pp. 65–125
March, 1943, pp. 127–202
April, 1943, pp. 203–253
May, 1943, pp. 255–307
June, 1943, pp. 309–378

Adrenalectomized rats before and after treatment with desoxycorticosterone pellets, Salt, carbohydrate and water appetite of 243
Alcayaga, Raul (see Wintrobe, Maxwell M.) 1
Alpert, Louis K. and Joseph L. Lilienthal, Jr.: Studies in experimental hypertension. III. The effect of dietary protein on the clearances of diodrast and inulin by the kidney in chronic hypertension 286
Alpert, Louis K. and Caroline B. Thomas: Studies in experimental hypertension. II. The effect of dietary protein on the urea clearance and arterial blood pressure in chronic hypertension 274
Aorta, Congenital aneurysmal dilatation of the, associated with arachnodactyly 309

Baer, Ridgely W., Helen B. Taussig and Ella H. Oppenheimer: Congenital aneurysmal dilatation of the aorta associated with arachnodactyly 309
Blalock, Alfred: A study of thoracic duct lymph in experimental crush injury and injury produced by gross trauma 54
Book Reviews 62, 121, 200, 249, 307, 371
Bordley, James, III, Morton Galdston and Walter E. Dandy: The treatment of essential hypertension by sympathectomy. A report of twelve patients three to seven years following operation 127
Brooke, W. S. and R. Day: Skin sensitivity to mycobacterial tuberculins in sarcoidosis 101

Carbohydrate, The effect of a purified diet deficient in, on the rat 39
Cartwright, G. E. (see Wintrobe, Maxwell M.) 1
Casein hydrolysate, Minimum maintenance requirement of an enzymic 110
Chandler, Caroline A. and Helen B. Taussig: Sulfanilamide as a prophylactic agent in rheumatic fever 42
Clinton, Marshall, Jr. and George W. Thorn: Effect of desoxycorticosterone acetate administration on plasma volume and electrolyte balance of normal human subjects 255
Corner, George W.: Eversion and herniation of the corpus luteum 333
Corpus luteum, Eversion and herniation of the 333
Cox, Warren, M., Jr. (see Mueller, Arthur J.) 110
Crush injury and injury produced by gross trauma, A study of thoracic duct lymph in experimental 54

Dandy, Walter E. (see Bordley, James, III) 127
Day, R. (see Brooke, W. S.) 101

Desoxycorticosterone acetate administration, Effect of, on plasma volume and electrolyte balance of normal human subjects 255

Endocardial fibroelastosis (so-called fetal endocarditis). A report of two cases occurring in siblings 299

Follis, Richard, H., Jr. and Deborah A. Jackson: Renal osteomalacia and osteitis fibrosa in adults 232
Follis, Richard H., Jr. and William M. Straight: The effect of a purified diet deficient in carbohydrate on the rat 39
Follis, Richard H., Jr. (see Wintrobe, Maxwell M.) 1
Fickas, Dallas (see Mueller, Arthur J.) 110

Galdston, Morton (see Bordley, James, III) 127
Gey, G. O. (see Jones, G. E. Seegar) 26
Gey, M. K. (see Jones, G. E. Seegar) 26
Gregory, John E. (see Rich, Arnold R.) 65

Harris, William H., Jr.: The relationship of chemotherapy in pneumonia to the persistence of pneumococci 338
Himelfarb, Albert J. (see Weinberg, Tobias) 299
Humphreys, Stewart (see Wintrobe, Maxwell M.) 1
Hypertension, Studies in experimental. I. Phenol red excretion and renal blood flow in hypertension of renal origin 203
Hypertension, Studies in experimental. II. The effect of dietary protein on the urea clearance and arterial blood pressure in chronic hypertension 274
Hypertension, Studies in experimental. III. The effect of dietary protein on the clearances of diodrast and inulin in the kidney in chronic hypertension 286
Hypertension, The treatment of essential, by sympathectomy A report of twelve patients three to seven years following operation 127

Insulin, A note on the fate of injected 246
Iverson, Herman A.: An epidemic of acute respiratory disease associated with atypical pneumonia 89

Jackson, Deborah A. (see Follis, Richard H.) 232
Jager, B. V. and J. C. Ransmeier: Constrictive pericarditis due to *bacterium tularense*. Report of a case and review of reported cases of pericarditis occurring with tularemia 166
Jones, G. E. Seegar, G. O. Gey and M. K. Gey: Hormone production by placental cells maintained in continuous culture 26

Leifson, Einar: Preparation and properties of bacteriological peptones. I. Enzymic hydrolysates of casein 179
Lewis, Robert C. (see Mark, Jerome) 246
Lilienthal, Joseph L., Jr. (see Alpert, Louis K.) 286

Mark Jerome: Salt, carbohydrate and water appetite of adrenalectomized rats before and after treatment with desoxycorticosterone pellets 243

Mark, Jerome and Robert C. Lewis, Jr.: A note on the fate of injected insulin..... 246
Miller, Mitchell H. (See Wintrobe, Maxwell M.)..... 1
Mueller, Arthur J., Dallas Fickas and Warren M. Cox, Jr.: Minimum maintenance requirement of an enzymic casein hydrolysate..... 110

Oppenheimer, Ella H. (see Baer, Ridgely W.)..... 309
Osteomalacia, renal, and osteitis fibrosa in adults..... 232

Peptones. Preparation and properties of bacteriological. I. Enzymic hydrolysates of casein..... 179
Periarteritis nodosa is a manifestation of hypersensitivity, The experimental demonstration that..... 65
Pericarditis, Constrictive, due to *Bacterium tularense*. Report of a case and review of reported cases of pericarditis occurring with tularemia..... 166
Placental cells maintained in continuous culture, Hormone production by..... 26
Pneumonia, An epidemic of acute respiratory disease associated with atypical..... 89
Pneumonia, The relationship of chemotherapy in, to the persistence of pneumococci.. 338
Pneumonia, The role of alpha hemolytic streptococcus in..... 218
Pratt, Loring W.: Behavior of bipedal rats..... 265
Proceedings of a meeting of the Johns Hopkins Medical Society..... 116
Pyridoxine deficiency in swine, with particular reference to anemia, epileptiform convulsions and fatty liver..... 1

Ransmeier, J. C. (see Jager, B. V.)..... 166
Rats, Behavior of bipedal..... 265
Rheumatic fever, Sulfanilamide as a prophylactic agent in..... 42
Rich, Arnold R. and John E. Gregory: The experimental demonstration that periarteritis nodosa is a manifestation of hypersensitivity..... 65

Sarcoidosis, Skin sensitivity to mycobacterial tuberculins in..... 101
Stein, Harold J. (see Wintrobe, Maxwell M.)..... 1
Straight, William M. (see Follis, Richard H., Jr.)..... 39
Suksta, Adolph (see Wintrobe, Maxwell M.)..... 1

Taussig, Helen B. (see Baer, Ridgely W.)..... 309
Taussig, Helen B. (see Chandler, Caroline A.)..... 42
Thomas, Caroline B. (see Alpert, Louis K.)..... 274
Thomas, Caroline B. (see Warthin, Thomas A.)..... 203
Thomas, Henry M., Jr., The role of alpha hemolytic streptococcus in pneumonia..... 218
Thorn, George W. (see Clinton, Marshall, Jr.)..... 255
Tompkins, Edna H.: The nucleinate-like action upon the white blood cells of the ether insoluble fraction of lipoids from beef brains..... 347
Tularense, Constrictive pericarditis due to *Bacterium*. Report of a case and review of reported cases of pericarditis occurring with tularemia..... 166

Warthin, Thomas A. and Caroline B. Thomas: Studies in experimental hypertension. I. Phenol red excretion and renal blood flow in hypertension of renal origin..... 203
Weinberg, Tobias and Albert J. Himelfarb: Endocardial fibroelastosis (so-called fetal endocarditis). A report of two cases occurring in siblings..... 299

White blood cells, The nucleinate-like action upon the, of the ether insoluble fraction of lipoids from beef brains 347
Wintrobe, Maxwell M., Richard H. Follis, Jr., Mitchell H. Miller, Harold J. Stein, Raul Alcayaga, Stewart Humphreys, Adolph Suksta and George E. Cartwright: Pyridoxine deficiency in swine, with particular reference to anemia, epileptiform convulsions and fatty liver 1
